STATEMENT OF WORK

**STATEMENT OF WORK
MAINTENANCE SERVICES FOR
AUTOMATIC ENTRANCE/EXIT DOORS**

1. **GENERAL:** The contractor shall provide all personnel, supervision, equipment, tools, parts and lubricants, transportation, specifications and repair manuals, and other items and services necessary to perform maintenance services on the glass automatic entrance/exit doors located in Building 3703A, Commissary Fort Wainwright, covered by this contract.
2. **EMPLOYEE IDENTIFICATION:** Contractor personnel must be recognizable as such while at the commissary. Identifying name tags, badges, or uniform name patches with employee's name and/or company's name shall be worn by all employees in a conspicuous place on exterior clothing.
3. **WORK SCHEDULE:** Day and time of all work performed under this contract must be arranged in advance to prevent interference with patrons and normal operation of the commissary. At the contractor's convenience, and with the approval of the commissary, the contractor may work extended hours to ensure timely completion of work at the contractor's regular time rate quoted in this contract.
4. **AVAILABILITY OF UTILITIES:** Water and electricity are available at the job site and may be utilized by the contractor, at no cost, in quantities necessary to perform the work herein. The contractor will be responsible for all necessary temporary connections and for their removal prior to final acceptance of work.
5. **PREVENTIVE MAINTENANCE:** Preventive maintenance (PM) services shall be performed at the frequency stated in the Schedule of Supplies and Services (Section B) of this contract. Such services shall be in accordance with manufacturer's commercial practice and shall include, but not be limited to: repairing, cleaning, lubricating/oiling, aligning/adjusting, and replacing of parts where needed to keep the equipment in good serviceable condition; except repairs necessitated by fire, abuse, negligence, or by acts of God. Deficiencies or necessary repairs discovered during PM inspections, but are not part of the PM procedure, will be completed in conjunction with said PM procedures.
6. **COMPONENTS:** The commissary automatic entrance/exit doors may include the following components internal to or as part of each door: frames, operators, sensors, control components, safety devices, pneumatic and hydraulic lines, hydraulic reservoirs and pumps, compressors, driers, electrical and control wiring, the power wiring feeding the door or compressor, including the breaker or fuse switch for the branch circuit. Minor hardware parts are to be replaced free of charge, for common items costing less than \$5.00 each.
7. **REPAIR SERVICES:** Contractor shall provide all remedial repair services necessary to return malfunctioning equipment to good operating condition in accordance with manufacturer's specifications and operating manuals. Contractor shall respond to service calls within four hours after receiving notification and shall complete repairs within eight hours. Such service shall be furnished during the contractor's normal business hours. Contractor shall respond to emergency service calls within two hours and complete repair or work to secure the building within four hours of receiving the emergency call. Contractor shall provide "boarding up" services, if necessary, to secure the building overnight. Prior to performing the actual work, the contractor will provide the Government an estimated cost breakdown of work required. Work will commence only after approval of the Contracting Officer's Representative (COR). The contractor will immediately notify the COR if cost of the repair call exceeds the initial estimate. When parts must be back ordered, contractor will notify the COR, furnish a copy of supplier's notification of back order, and provide an estimated date for completion of work.

8. **PARTS:** Except for minor hardware parts (common items costing less than \$5.00 each, such as nuts and bolts, lubricants, etc.), which will be provided free of charge, all parts and materials furnished or used while performing maintenance, services, or repairs will be reimbursed by the Government (only if the part needing replacement is broken/damaged by the Government). Cost for replacement parts will be no greater than that charged the contractor's best customer. Replacement parts shall be itemized and billed as separate items on the contractor's invoice.
9. **CLEANING:** Prior to departing the commissary, the contractor will clean the work area of any material or debris which results from performing this work.
10. **CONTRACTOR CALL-BACK:** Monitoring of scheduled and unscheduled services will be accomplished on a 100% inspection basis immediately after completion (this will normally be within one day of use). When it has been determined that equipment does not operate properly, the contractor will be notified. This shall be considered a call-back, and the service shall be at the contractor's expense. Response time for call-back service shall be a maximum of twenty-four hours from the time the commissary contacts the contractor.
11. **SERVICE TICKET:** The contractor will furnish a prepared service ticket each time scheduled or unscheduled service is provided. Service tickets shall list all work performed and all parts used for each type of equipment. The service described on the ticket shall be validated by a signature of the Commissary Officer.
12. **INVOICES:** In addition to invoices sent to the address in Block 18a of the award, contractor shall submit a courtesy copy of the invoice to the commissary.

CLAUSES INCORPORATED BY FULL TEXT

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (OCT 2000)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at FAR 52.212-3;

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers:

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation. (1) The Index of Federal Specifications, Standards and Commercial Item Descriptions and the documents listed in it may be obtained from the General Services

Administration, Federal Supply Service Bureau, Specifications Section, Suite 8100, 470 L'Enfant Plaza, SW, Washington, DC 20407 ((202) 619-8925).
